

Air For Paws Resuscitation Kits shipped to Southwest Asia

On March 31st and April 1st, 2015 Old Dawgs & Pups and Air For Paws shipped the first Air For Paws Resuscitation kits to three of our deployed kennels in Southwest Asia and to the USAF Air Combat Command, Virginia and the Department of Defense, JBSA, Texas for official approval for use at deployed and stateside base approval. Air Combat Command granted approval for their use on May 6, 2015. Each kit contains Ambu Bags, facemasks, an instructional Video, a towel and leashes for use during canine breathing emergencies.

The kits arrived in the AOR on April 5th - Way to go USPS!

Air For Paws Resuscitation Kits shipped to Southwest Asia - Continued

SrA Steven Watkins & MWD Bob show the new AFP Kits that arrived at the 380th ESFS. The team is deployed from the 366th SFS, Mountain Home AFB, Idaho and Jim and Nancy Stewart (TSN) support them. The team was immediately trained on the use of the equipment at the UDL.

SSgt Jonathan Calo, MWD Tilly, TSgt Andrew Rodriguez, and Captain Nichole L. Rowley (US Army Veterinarian) complete AFP training. Captain Rowley provided step-by-step explanation of the Air For Paws equipment and trained the handlers at the 379th ESFS. Chuck Rogers (TSN) and Christi Cryer (FoK) support Team Tilly and TSgt Rodriguez is supported by Bruce Bond (58th IPSD).
